

**ADMISSION PROCEDURE RULES AND CONDITIONS FOR ADMISSION TO STUDIES IN BACHELOR'S AND FOLLOW-UP MASTER'S DEGREE PROGRAMMES AT THE FACULTY OF MATERIALS SCIENCE AND TECHNOLOGY VSB – TECHNICAL UNIVERSITY OF OSTRAVA FOR THE ACADEMIC YEAR 2021/2022**

Commencing on **1 April 2022**, the Dean of the Faculty of Materials Science and Technology (FMST) will officially announce pursuant to Act No. 111/1998 Coll., on Higher Education Institutions and on Amendments and Additions to Other Acts (Act on Higher Education Institutions), and in accordance with Act No 67/2022 Coll. on measures in the field of education in connection with the armed conflict on the territory of Ukraine caused by the invasion of the troops of the Russian Federation, an extraordinary round of admission procedure for the 2021/2022 academic year for foreigners who have been granted temporary protection in the Czech Republic, in the following study programmes:

<b>Study programme</b> (* maximum number of admitted students apply to all rounds of the admission procedure)	<b>Form of study in Czech</b>	<b>Max. number of applicants who can be admitted to the study in Czech*</b>	<b>Form of study in English</b>	<b>Max. number of applicants who can be admitted to the study in English*</b>
<b>Bachelor's study programmes</b>				
<b>Art Foundry Engineering</b>	Full-time	20	-	-
<b>Quality Management and Control of Industrial Systems with Specializations:</b>		(30)		
▪ <b>Economics and Management in Industry</b>	Full-time	10	-	-
▪ <b>Quality Management</b>		10		
▪ <b>Computer Control Systems in Industry</b>		10		
<b>Chemical and Environmental Engineering</b>	Full-time	20	-	-
<b>Thermal Energetics Engineering</b>	Full-time	20	-	-
<b>Materials Engineering</b>	Full-time	20	-	-
<b>Materials Technologies and Recycling</b>	Full-time	20	-	-
<b>Modern Production and Processing of Metallic Materials</b>	Full-time	20	-	-
<b>Materials and technologies for the automotive industry</b>	Full-time	20	-	-
<b>Nanotechnology</b>	Full-time	20	-	-
<b>Master's study programmes</b>				
<b>Quality Management and Control of Industrial Systems with Specializations:</b>		(30)		
▪ <b>Economics and Management in Industry</b>	Full-time	10	Full-time*	5
▪ <b>Quality Management</b>		10		
▪ <b>Intelligent Control Systems in Industry</b>		10		
<b>Chemical and environmental engineering with specializations:</b>		(30)		
▪ <b>Chemical Engineering</b>	Full-time	10	-	-
▪ <b>Environmental Engineering</b>		10		
▪ <b>Methods of Analysis for Chemical and Environmental Engineering</b>		10		
<b>Thermal Energetics Engineering</b>	Full-time	20	-	-
<b>Materials Engineering with Specializations:</b>		(20)		
▪ <b>Materials Technologies and Recycling</b>	Full-time	10	-	-
▪ <b>Advanced Engineering Materials</b>		10		
<b>Advanced Engineering Materials</b>	-	-	Full-time	5
<b>Metallurgical Engineering with Specializations:</b>		(30)		
▪ <b>Advanced Technologies of Metals Production</b>	Full-time	10	Full-time*	5
▪ <b>Foundry Technologies</b>		10		
▪ <b>Forming of Progressive Metallic Materials</b>		10		
<b>Materials and technologies for the automotive industry</b>	Full-time	20	-	-
<b>Materials and technologies for the energy industry</b>	Full-time	20	-	-
<b>Nanotechnology</b>	Full-time	20	Full-time	5

\*Specializations are not taught in English.

The faculty offers study programmes in Czech or English. Tuition fee does not apply to programmes taught in the Czech. On the basis of the Rector's Measure TUO\_PRI\_22\_009 dated 28.3.2022, applicants are exempted from the administration fee for acts related to the admission procedure to study and students are exempted from the tuition fee for studying in a foreign language.

**The applicant must send to [monika.barcova@vsb.cz](mailto:monika.barcova@vsb.cz) by 15 April 2022:**

- a completed **application** (see Annex 1),
- a **statement** of knowledge of the language in which the study programme takes place at level B1 (the statement is part of the application form),
- in the case of the admission procedure to the bachelor's study programme, a document proving the fulfilment of the condition of secondary education with a graduation exam (school-leaving certificate) or an **affidavit** (see Annex 2),
- in the case of admission procedure to a follow-up master's degree programme, proof of completion of studies in any type of higher education programme (diploma and diploma supplement) or an affidavit (see Annex 3),
- a **document** proving that the applicant has been granted temporary protection in the Czech Republic.

**All required documents must be scanned or photographed in easily legible quality.**

**Applicants who have duly submitted their application with all the required documents, admission will be decided on the basis of the arithmetic average of the last year of the previous studies indicated on the application form.** Applicants will be ranked according to the arithmetic average from the lowest value until the maximum number of students admitted to the maximum number of admitted students of the given study programme.

In the event of admission to study, the admitted applicant will bring the originals of all the above documents to the enrolment.

**The decision on admission to studies in FMST degree programmes is made by Dean of the Faculty.** The decision on admission to studies must be made in writing within thirty days from the day when the requirements for admission were verified, but no later than 15 May 2022. Pursuant to s. 50, ss. 6 Act No. 111/1998 Coll., on Higher Education Institutions and on Amendments and Additions to Other Acts (Act on Higher Education Institutions), the decision must contain the grounds for the decision, as well as information on the possibility of applying for an appeal, and must be delivered into the applicant's hands. An applicant is entitled to examine all of their materials that have a bearing on their admission to studies within fifteen days of the receipt of this decision.

In Ostrava, 31 March 2022, **prof. Ing. Kamila Janovská, Ph.D.** – Dean of the Faculty of Materials Science and Technology, VŠB-TUO
